

THE PRESIDENT AT PHILADELPHIA

Mr. McKinley and Secretary Porter at Residence of Mr. Harrison.

AN INFORMAL DINNER GIVEN

All Arrangements Made to Keep the President in Touch with the Affairs at Washington—Officers Guard the President Night and Day.

Philadelphia, Feb. 21.—President McKinley, accompanied by his secretary, J. Addison Porter, arrived here this afternoon in the private car of President Frank Thompson, of the Pennsylvania railroad, which was attached to the regular express train which reached here at 3:50 o'clock.

The president as he stepped from the car was met by Frank Thompson, Charles C. Harrison, provost of the University of Pennsylvania, and C. Stuart Patterson, and by them escorted to the street. Here carriages were entered and the party was driven to the residence of Mr. Harrison, whose guest the president and Mr. Porter will be during their stay in the city. The president will tomorrow deliver an oration at the Washington birthday exercises of the University of Pennsylvania at the Academy of Music.

The prevalent excitement over Spanish affairs seemed to give added public interest to the president's visit and the big Pennsylvania railroad station and the streets adjacent thereto were crowded with people eager to see and greet the chief magistrate. A double line of policemen kept an open passageway for the president and his escort from the train to the street, and the president with his hat in hand bowed his acknowledgment of the enthusiastic handclapping and cheers of the people lined up back of the cordon of policemen. Two companies of mounted police, wearing their caparisons to Mr. Harrison's residence, which is several blocks from the station. Cheering crowds greeted the president along the entire route.

Mr. Harrison's house was reached without unusual incident other than the enthusiasm and cheering of citizens. Arriving there an opportunity was afforded the president to rest from the fatigue of his journey from the capital. Tonight an informal dinner was given in his honor by Provost Harrison.

These present, in addition to the president and his host, were Secretary Porter, Seth Low, president of Columbia college, and Mrs. Seth Low; Dr. and Mrs. Henry Chapman, Mr. and Mrs. John G. Johnson, Professor Hilprecht, of the University of Pennsylvania, Mr. and Mrs. C. Stuart Patterson, Mr. and Mrs. John Caldwell, Dr. and Mrs. Alexander Blaine, Captain John C. Groome, Mrs. DeGraffe Fox, Mrs. Morton Hopkins, Miss Pendleton, Miss Sturgis, Miss Ann Thomson and Frank Thompson.

MRS. MCKINLEY ABSENT. There was much regret that Mrs. McKinley was unable to be present but it was explained that she is suffering from a severe cold which prevented her risking the journey in the inclement weather. The dinner which was entirely informal, was a very pleasant affair. Not long after its conclusion the president retired for the night.

In view of the condition of public affairs, every arrangement had been made to keep the president in touch with all the departments at Washington and fully informed of developments at Havana. Direct telegraphic communication had been established between Washington and Mr. Harrison's house and in addition to this, a long distance telephone was at the disposal of the president in the event of the necessity of communication with Washington.

The city authorities propose to exercise the utmost care over the president during his stay here, in order to protect him from any possible annoyances. Both the front and rear of Provost Harrison's residence are guarded by policemen tonight and in all his movements while in this city the chief magistrate will be closely followed by a cordon of officers.

FOND OF STRONG DRINK.

Liked It So Well She Pawned Furniture to Get It. Because she liked liquor better than the comforts of home, Mrs. Amelia Towrick, of Fourth street, was yesterday committed to the county jail by Alderman Millar in order that she may become thoroughly sober and that her sanity may be investigated.

The woman was arrested on complaint of her husband, who said she loved drink so well that she pawned household furniture to get it and that her mental powers had been impaired through the use of it.

Death Loves a Shining Mark.

"She is an only daughter and only seventeen," writes Mrs. H. H. Conkila, of Merten Avenue, Batavia, N. Y., in a recent letter addressed to Doctor R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. "We

began your medicine in May (the 'Favorite Prescription'). My daughter was very wasted, in fact we did not think she could live long. She had profuse menstruation which was of long standing; also a bad cough. We had spent a great deal of money and worried a great deal. When she began taking your medicine her weight was only eighty-seven pounds. The new weights from nine to one hundred all the time and is well. I cured her difficulty, has no cough at all and all for eight or ten dollars. It had gotten to be a serious question whether we could live for her. We are truly grateful to you for all your kind advice and sympathy in the matter. We feel that you are a personal friend."

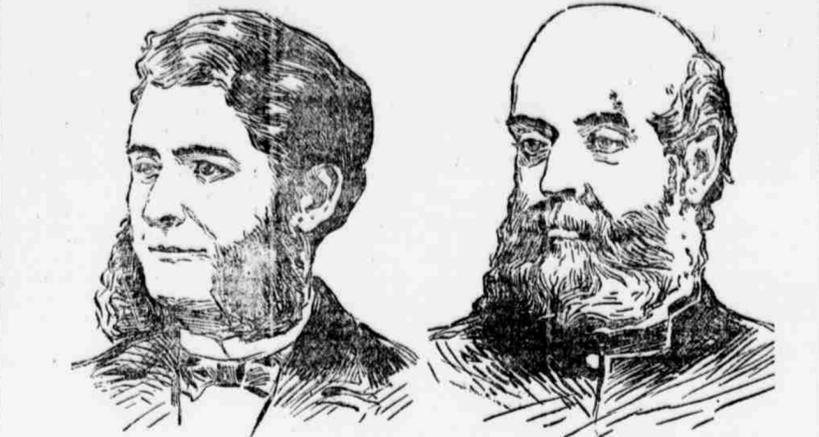

No living physician has a wider practical experience or enjoys a higher reputation in the treatment of diseases peculiar to women than Dr. Pierce. In cases of this nature he will send by mail careful professional advice without charge, and instructions whereby the most obstinate ailments may be entirely overcome. His 'Favorite Prescription' is the only proprietary remedy ever designed by an educated, authorized physician specifically to cure women's diseases. It is the only medicine which makes motherhood perfectly safe and comparatively easy and painless.

Say 'No' and ask to it when urged to accept a substitute.

Philadelphia, Feb. 21.—President McKinley, accompanied by his secretary, J. Addison Porter, arrived here this afternoon in the private car of President Frank Thompson, of the Pennsylvania railroad, which was attached to the regular express train which reached here at 3:50 o'clock.

LOVE TO HELP OTHERS.

And Hence They Gave Good Advice About How to Make Life Happier.

"A man is known by the company he keeps." Above are the pictures of two well-known and noble gentlemen. One is the Rt. Rev. Bishop Edward Wilson, D. D., L.L.D., and the other is Rev. J. E. Rankin, D. D., L.L.D., President of Howard University, Washington, D. C. These gentlemen have secured the high positions they hold and the confidence which everyone has in them through the fidelity they have shown to humanity and the cause they represent. They are men who have the confidence of all who know them; men who love humanity and seek by every means in their power to do everything to benefit it. It is notable, though not strange, that both these gentlemen have found great help and assistance from the same source, namely, one of the great discoveries of the age.

Warner's Safe Cure with great advantage and derived much benefit from its use, and unhesitatingly recommend it to my friends." In speaking upon this subject, Dr. Rankin says: "I have known of many who have been permanently cured of diseases of the kidneys and urinary organs by the use of Warner's Safe Cure. I know, too, of its being used in similar cases by physicians of the highest standing. This remedy I want in the cause of humanity to recommend." Men like Bishop Wilson and Dr. Rankin do not speak hastily or of things of which they are not fully aware. They love men and women and desire to see them made, physically as well as morally, better. Thousands of dollars could not for a moment tempt them to make statements like the above unless they knew positively that they were true. There are men innumerable who have

been worn out by the cares and strains of life, who are less energetic and active than formerly; who feel a lack of ambition when they should be energetic, and who do not know the cause. There is but one cause for all these troubles, and that is, kidney or liver disease. There are many women who are unaccountably pale, sallow, sickly, who lack appetite and are virtually a burden to their friends, and yet who do not realize the occasion of such troubles. It all arises from female difficulties caused by imperfect kidneys. To all such the outspoken words above quoted should come as a blessing. When such well-known and noble men as the above speak in such frank and manly terms as they do of a remedy, they thoroughly know there cannot be the slightest question as to its great merits and its power to benefit mankind.
